

**saving money
is as simple as ABC**

News Letter – April, 2008 - expires April 30, 2008

AIM 10-4 BD Kiln Regular \$750.00 **ABC \$550.00**

120 volt 15 amp - 10" x 10" x 4" deep inside - fires to 1800° F
Includes bead door and Bartlett 3 key digital controller.

The versatility of the AIM 84BD has made it one of the most popular small kilns for annealing beads, PMC, and small fusing/slumping projects. The 84BD kiln is 8" square inside. This specially built kiln offers buyers the chance to get a slightly bigger 10" kiln at a terrific price.

AIM 99 LS/D Lampworking Kiln Regular \$675.00 **ABC \$600.**

120 volt 15 amp - 9" x 9" x 9" tall inside - fires to 1800° F
2 stage bead door with main door counter-weighted.
Includes your choice of FUJI PXR3 or Bartlett 3 key digital controller
